YOUR OUTDOOR LIFESTYLE

Experience the best of outdoor living with a Stratco Outback® Verandah, Patio or Carport. Open your home to the outside and create a space that can be enjoyed throughout the year. Under a Stratco Outback you are protected from the elements, expanding your possibilities for entertaining, storage, an all-weather play area for kids or simply enjoying your garden.

INVEST IN MARKET LEADING QUALITY

Available in a wide range of high gloss colours to complement your home, the Stratco Outback features the sturdy Outback Deck, a steel roofing sheet with a clean, smooth underside that has a 'ceiling-like' finish. It can span up to 4.5 metres, allowing the support beams to be placed well apart for a clean, uncluttered finish. The structure is formed with strong and elegant, chamfered and fluted beams and columns. Matching gutters tie the system together, while hidden fixing points and concealed brackets complete the smooth and refined appearance.

GENUINE PEACE OF MIND

Your durable Stratco Outback will be a lasting and satisfying investment giving you many years of enjoyment.

It is protected by our own 15 year structural warranty*, and when installed by an Authorised Outback Dealer you are covered by a one year installation warranty. The Stratco Outback range has been thoroughly engineered and tested to comply with all relevant Australian Standards. The major components are made from strong high tensile steel, while the fixings and brackets are galvanised for a long useable life.

STAGGERING DESIGN FLEXIBILITY - AS UNIQUE AS YOU ARE

Design freedom is central to the versatile Stratco Outback. Your Stratco Outback is custom designed and made for your exact requirements. You can choose from flat, gable, curved or opening roof, in either attached or freestanding. Or you can choose a combination of styles in a wide range of colours to suit your home, budget and lifestyle.

“ Your lifestyle, your choice, your design combination. ”

OUTBACK FLAT ROOF

Create a functional outdoor living area that will enhance your home and lifestyle with the smooth, simple, uncluttered lines of the classic Outback Flat Roof. The versatile Outback Flat Roof system can be configured to cover any area around the home.

It is ideal as a single unit or incorporated with a gable roof, curved roof, or pergola system. Available as either a freestanding structure or attached to the home it can be used as a verandah, patio or carport. With the addition of the Outback Rooflite™ you can supply filtered light to the underside. The beams can span up to 8.4 metres and are available in either 120mm or 150mm sizes.

There are four configurations to choose from:

- Type One has a 4.5 metre maximum span and only requires an outside beam to support the structure, although most units use perimeter beams on all sides to provide the best appearance.
- Type Two is the same, but with an overhang at the front to increase the covered area to 5.4 metres.
- Type Three has support beams across the span so the roof sheets can run horizontally for a different appearance.
- Type Four has extra support beams and a purlin through the middle to give it a span of 8.4 metres.

“Uncomplicated by design, the Outback Flat Roof is the ideal DIY project, with everything supplied as a package and all the assembly instructions provided... Or have it installed by an Authorised Stratco Dealer and just enjoy your outdoor dream coming to life.”

“I was so impressed by the 1-piece profiled beams that were so strong they could span 8.4 metres without support columns giving me beautiful uninterrupted views.”

COLOUR YOUR WORLD

A VARIETY OF COLOUR COMBINATIONS

The beautiful Stratco Outback range offers 7 high gloss framework colours, a variety of high gloss cladding colour options and over 20 gutter colours to match or contrast with your existing home.

So whether you choose calming hues for your haven or bold tones for your entertaining area, or even filtered light for your family space, you will find a colour combination that's just right for you.

Speak to your Outback consultant for more great ideas and colour samples.

“ Get excited about painting your dream, your way. ”

MAINTENANCE: Regular maintenance is essential to maintain the good looks of all Stratco steel products and to ensure you receive the maximum life-span possible in your area. Washing with clean water must be frequent enough to prevent the accumulation of dust, salts, and pollutants or any other material that will reduce the life of the product. Stratco steel products that are regularly washed by rain require no additional maintenance. No Stratco steel structure or materials are recommended for use over, or in close proximity, to swimming pools or spas. No material that retains water (such as dirt or paving sand) should be placed against the columns. Care must be taken when determining the location of Stratco steel products so that they are not placed in close contact with sources of pollution or environmental factors that could affect the life of the steel. Refer to the 'Selection, Use and Maintenance' brochure for more information.

“ Stratco is the only major manufacturer of verandahs, patios and carports that has a nationwide chain of home improvement stores and a highly professional network of Authorised Dealers. So you can be sure we have your outdoor lifestyle needs covered. ”
